Biddle History...

Called the "heart and soul" of campus and built in 1884, Biddle Memorial Hall now serves as the main administrative building for the university. As the first substantial building built at the campus' current location, Biddle has served JCSU as classroom space, a theater, the first library faculty and staff offices and in many other ways over its more than 100-year history.

The oldest surviving building on campus, it features a clock tower and is decorated in the typical style of the Victorian Era.

The building was placed on the National Register of Historic Places in 1975 and is on the list of designated historic landmarks from the Charlotte-Mecklenburg Historic Landmarks Commission.

The building was completely renovated around the turn of the century and turned into the main administrative building for the campus.

President

Since arriving at JCSU, Dr. Carter has put JCSU on an aggressive path to transform the university and the surrounding community.
He has outlined six strategic priorities for the university to meet this monumental goal:

Academic Excellence
In the fall of 2010, JCSU admitted its strongest freshman class ever, in terms of academics.
We are continuing to raise our academic standards each year to attract highly motivated students with great potential.
Operational Performance
We are always looking for ways to operate more efficiently and effectively.
With comprehensive management systems put into place, we're able to streamline our operations in all administrative divisions.
Advising Research Mastery
JCSU attracts, hires and maintains a diverse faculty of teacher-advisors, teacher-scholars and applied researchers
Four Centers of Excellence drive the research efforts at JCSU:
The Center of Excellence in Diversity, Workforce and Small Business Development
The Center of Excellence in Global Education
The Center of Excellence in Homeland Security-STEM (Science, Technology, Engineering and Mathematics)
The Center of Excellence in Minority Health, Lifestyle, Culture and Wellness

Diversity
While JCSU maintains a strong connection to its roots as an HBCU, we also realize the value of attracting a diverse student body. We are bringing a new focus to the university to attract students of different countries, races, ages and ideologies so that our campus mirrors the diverse global community.
Distinctive Student Experience
We are constantly making upgrades to the JCSU campus, especially in student facilities like classrooms and dorms.
Recent improvements include:
our newly renovated student center the addition of Kokomo's coffee shop
the JCSU Arts Factory, our brand-new visual and performing arts facility, which features a black box theater for student performances

Community Engagement
Since the arrival of Dr. Carter to JCSU, our university has engaged the city of Charlotte and local developers in efforts of revitalizing the Beatties Ford Road Corridor.
Our university personnel at all levels are now engaged on the boards of Charlotte organizations and play an active role in the growth of Charlotte and JCSU's presence in its communities.

Ronald Carter

Purpose and Mission

Founded in 1867 under the auspices of the Committee on Freedom of the Presbyterian Church, U.S.A, Johnson C. Smith University (JCSU) is an independent, private, coeducational institution of higher learning. Located in the rapidly growing metropolis of Charlotte, North Carolina, "Queen City of the South," this historically African- American university has a residential campus and caring faculty and staff.

Consistent with its Christian roots, the university recognizes the importance of moral and ethical values to undergird intellectual development and all endeavors. JCSU believes in the unrelenting pursuit of knowledge and in the values of cultivating the life of the mind. The university assigns great significance to the development of self- confidence, to the understanding of ones' own heritage as well as an awareness of the cultures of others, to exploration of the myriad forces affecting people of a complex technological age, and to formulating a sense of one's role in this schema.

The mission of JCSU is to provide and outstanding education for a diverse group of talented and highly motivated students from various ethnic, socioeconomic, and geographical backgrounds. The university offers a liberal education in conjunction with the concentrated study specialized fields, in preparation for advanced study and specific careers.

The university endeavors to produce graduates who are able to communicate effectively, think critically, learn independently as well as collaboratively, and demonstrate compente3nce in their chosen fields. Further, it provides an environment in which students can fulfill their physical, cultural spiritual, and other personal needs through which they can develop a compelling sense of social and civic responsibility for leadership and service in a dynamic, multicultural society. Likewise, the university embraces its responsibility to provide leadership, service, and lifelong learning to the larger community.

Regarding teaching effectiveness as paramount in its educational enterprise, JCSU has a commitment to the recruitment and retention of outstanding faculty. To this end, the university promotes faculty development, encourages faculty involvement in research and other creative activities, and endorses principles of academic freedom.

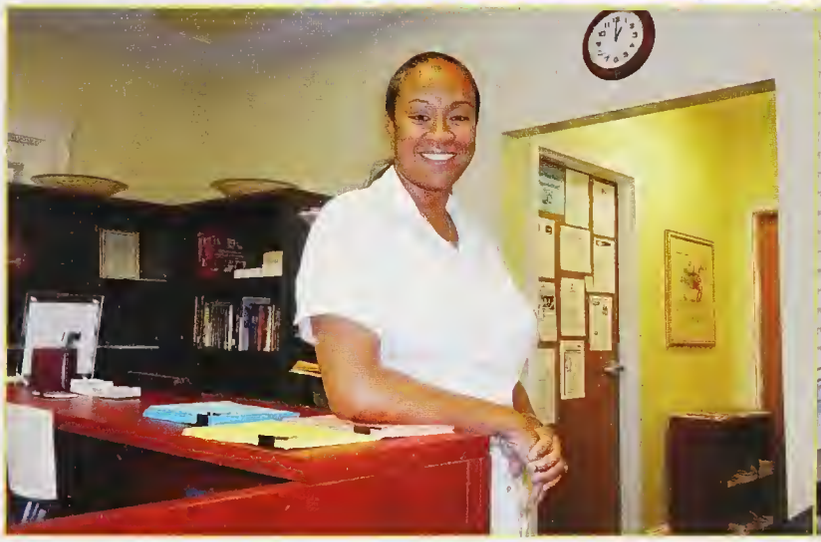
To ensure the integrity and stability of its status and the perpetuation of its rich legacy, Johnson C. Smith University has a firm resolve to maintain the fiscal and human resources requisite to be a truly distinctive institutional hallmark of excellence in its students, faculty, staff, administrators, academic and other programs, facilities, operations and environment.

Dedication

For anyone, this is never an easy task. With so many being notable and always striving to make a difference in the lives of the students at Johnson C. Smith University, we commend all members of the faculty and staff for their efforts in molding us into model citizens. For their tireless efforts, we would like to make a special dedication to the Career Services Team.

Ms.Moore, Ms.Mitchell, Ms. Wilks,

We dedicate the 2011-2012 yearbook to you and hope you will accept it as a true expression of our appreciation. You all do so much with so little gratitude. We speak for the entire campus when we say THANK YOU for all you do!



Alma Mater
Loyalty Song

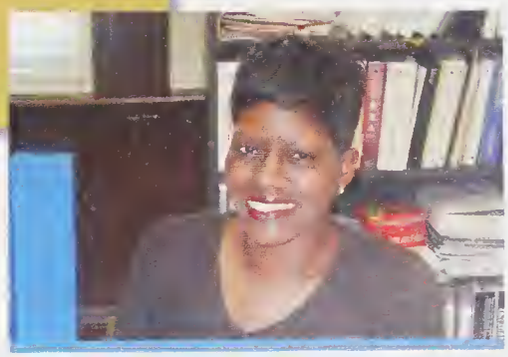
We love thee, Smith, with all our hearts!
To thee we'll e'er be true/
And in the light of truth and right
Hold high the Gold and Blue.

Refrain:
Proudly we hail thy name, our Alma Mater, Old S.U
Johnson C. Smith, our own! Our hope, our guiding star,
Our light unfailing!
Pride of our loyal hearts, we'll love and honor thee
Our whole life through.
On, ever on! Dear old J.S.C.U.!

Fair Smith, where're on earth we roam,
Send forth thy constant ray,
And let it beam with steadfast gleam
To lead us o'er life's way.

Faculty and Staff

"A world without learning is a world with no progress."



Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, fulfilled, can be translated into benefit for everyone and greater strength for our nation."

~John F. Kennedy

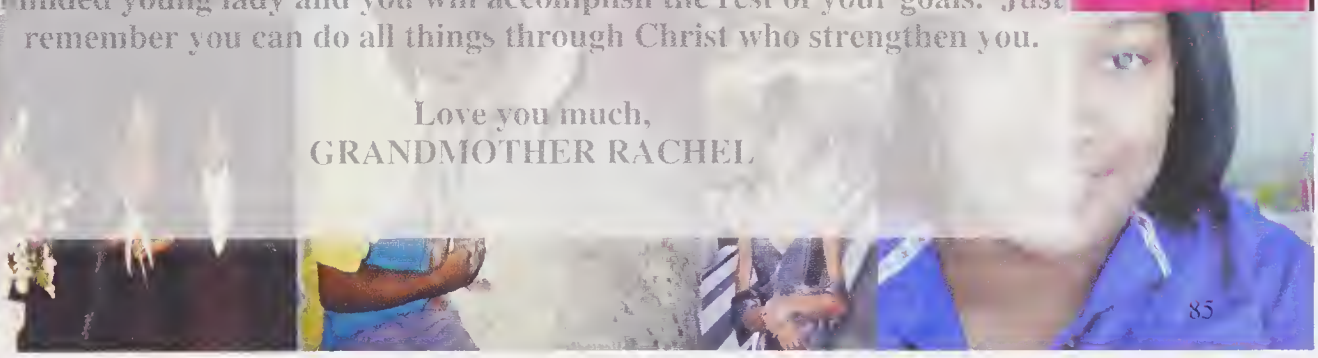
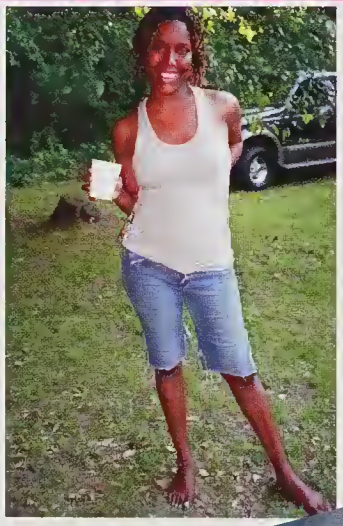
Love you much,
GRANDMOTHER RACHEL



Desiree Deville

Desiree,
Congratulations! You did it! I always knew you would. Ever since you were a little girl, you always accomplished what you set out to do. I watched you grow. And I said "Yeah, Desi is a fighter. She's not afraid to take on challenges." I also watched you grow as a kind and giving person. In high school not only did you command the honor roll throughout, but you also shared your time and knowledge by mentoring the other students. When it was time to move on, you packed up all of these great attributes and carried them with you to JCSU. You continued your hard work, determination, and selflessness through your overseas travel, your studies, and your work in helping the foster kids to further their education.



Desi, the entire family is so proud of you. You have accomplished far more than the family dreamed of. And this is only the beginning for you. Just continue to trust and believe in God and He will guide you confidently in the direction of your dreams. There's a phrase that says "Upon graduation, hold your memories in one hand, but leave your heart open... for your life is just beginning, and the world that awaits you is endless." Desi, Reach for the stars – the sky is the limit!! Love, Aunt Gladys

We have learned so much from you. To 'In my daughter's eyes' I danced with you on stage and I learned courage and gained strength. To 'My Daddy' I danced with you and you took my breath away. You were no longer my baby but a lady. You have faced many challenges and meet them with grace and determination. You are an extraordinary young lady and we are so very proud. So as you enter a new chapter in your life we will dance to a new song 'Holding on and letting go.' So as one door closes another will open …walk through it confidently and proudly. We will always be there for you.

Dear Treva ... What a wonderful milestone in your life this is! As you continue your journey through life, taking on new challenges, and achieving goals, always remember the important things you didn't learn in school.

While pursuing your dreams, don't forget to take time to help and serve others even if doing so slows you down a little.

As you explore and develop your unique talents, remain humble and realize that your special abilities are gifts from God.

Welcome the challenges that life hands you, realizing that they provide opportunities to build strength and character.

As you acquire material things, remember that your most important possessions are honesty, integrity, and the desire to make a difference.

Congratulations, Treva!! I am so very proud of you and all you have accomplished. I consider it a true blessing to have shared these years with you. May you have a life of love, happiness, joy, and wonderful successes. No one deserves it more!

My Feelings

Feelings are based off ones emotions and mind control the heart plays
My thoughts are 50/50 both mind and soul
We made it through Smith, time to grow old
Giving me the strength, knowledge, and wisdom to think smart
I've thought long and hard to the point we almost stayed apart
I'm tired of our foolishness; its time for us to grow
Stay by my side, that's all I ask, I promise you the feeling will last
Plus I'm grateful for your commitment to Commitment
The truth is you are the answer to my fear
Fear of being useless, Uselessness that Exists only if I search for joy
For that I've come to realize searching generates pain
Pain in which I'm relieve by your presence and love
Thus we continue our journey; journey to grow and love
Because time is precious but waits for no one
The hardest thing about life is deciding when to Take Chances
Chances that change one's life for good or for worst
However, regardless the fact my feelings for you are great
Greatness that I've search and never found; but then I Pray and your around
Thus I complete my feelings by saying that "My Love"
Love that is true; True to me, the same Love that's always been true to you
You have my heart so never let it go
Because my love is like our relationship
The longer we have known each other you've grown strong and remain
For love takes a lifetime; Plus you keep me Sain
Giving my emotions that my heart tells the brain to write about You!
Im So Proud!!! CBDF-B

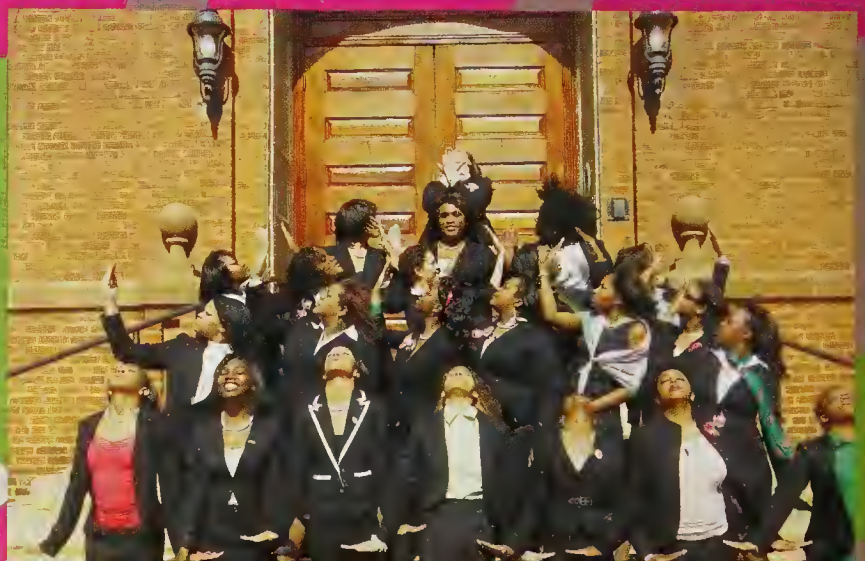
Alpha Kappa Alpha

The small group of women who organized the Sorority was conscious of a privileged position as college-trained women of color, just one generation removed from slavery. They were resolute that their college experiences should be as meaningful and productive as possible. Alpha Kappa Alpha was founded to apply that determination; however, its influence extends beyond campus quads and student interest. It has a legacy of service that deepens, rather than ends, with college graduation.

The goals of its program activities center on significant issues in families, communities, government halls and world assembly chambers. Its efforts constitute a priceless part of the global experience in the 21st century.



Since its founding over a century ago, Alpha Kappa Alpha's mission has been to cultivate and encourage high scholastic and ethical standards, to promote unity and friendship among college women, to study and help alleviate problems concerning girls and women in order to improve their social stature, to maintain a progressive interest in college life, and to be of "Service to All Mankind."

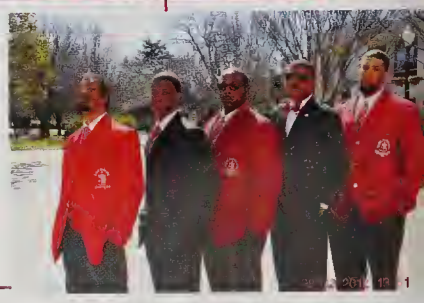
Kappa Alpha Psi

1911

Kappa Alpha Psi was founded on the campus of Indiana University on January 5, 1911. The Fraternity's fundamental purpose is achievement.

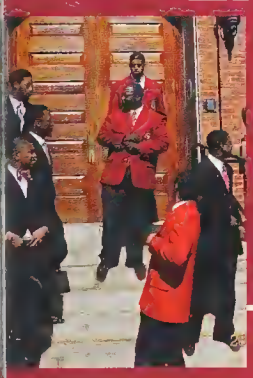
Early in this century, African-American students were actively dissuaded from attending college. Formidable obstacles were erected to prevent the few who were enrolled from assimilating into co-curricular campus life. This ostracism characterized Indiana University in 1911, thus causing Elder W. Diggs, Byron K. Armstrong, and eight other black students to form Kappa Alpha Psi Fraternity, which remains the only Greek letter organization with its 1st Chapter on the University's campus.



"The founders sought a formula that would immediately raise the sights of black collegians and stimulate them to accomplishments higher than they might have imagined.

911 Alpha Epsilon Chapter

Fashioning achievement as it's purpose, Kappa Alpha Psi began uniting college men of culture, patriotism and honor in a bond of fraternity.



Chartered and incorporated originally under the laws of the State of Indiana as Kappa Alpha Nu on May 15, 1911, the name was changed to KAPPA ALPHA PSI on a resolution offered and adopted at the Grand Chapter in December 1914. This change became effective April 15, 1915, on a proclamation by the then Grand Polemarch, Elder Watson Diggs. Thus, the name acquired a distinctive Greek letter symbol and KAPPA ALPHA PSI thereby became a Greek letter Fraternity in every sense of the designation.

Kappa Alpha Psi , a college Fraternity, now comprised of functioning Undergraduate and Alumni Chapters on major campuses and in cities throughout the country, is the crystallization of a dream. It is the beautiful realization of a vision shared commonly by the late Revered Founders Elder Watson Diggs; John Milton Lee; Byron K. Armstrong; Guy Levis Grant; Ezra D. Alexander; Henry T. Asher; Marcus P. Blakemore; Paul W. Caine; Edward G. Irvin and George W. Edmonds.

The MISSION of the Kappa Alpha Psi Foundation:
To provide support for Kappa Alpha Psi Fraternity, Incorporated members and others in service to communities with particular emphasis on African-American communities.

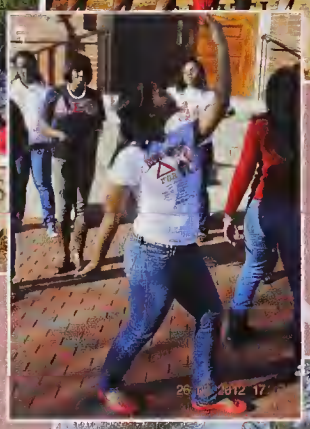
RECLAMATION AND RETENTION - A concerted effort at the international, district and local levels to retain active brothers and return inactive brothers to full participatory status.

HEALTH INITIATIVES - Chapters facilitate, participate and coordinate activities that promote good health practices. Some of the programs are the Charles Drew Blood Drive and partnership with the American Diabetes Association.

From the initials of the Greek phrase meaning, "friendship is essential to the soul," the name Omega Psi Phi was derived. That phrase was selected as the motto.



Delta Sigma Theta Sorority was founded on January 13, 1913 by twenty-two collegiate women at Howard University. These students wanted to use their collective strength to promote academic excellence and to provide assistance to persons in need. The first public act performed by the Delta Founders involved their participation in the Women's Suffrage March in Washington D.C., March 1913. Delta Sigma Theta was incorporated in 1930.

Since its founding in 1913, Delta Sigma Theta has clearly distinguished itself as a public service organization that boldly confronts the challenges of African Americans and, hence, all Americans. Over the years, a wide range of programs addressing education, health, international development, and strengthening of the African American family have evolved. In realizing its mission, Delta Sigma Theta provides an extensive array of public service initiatives through its Five-Point Program Thrust of Economic Development, Educational Development, International Awareness and Involvement, Physical and Mental Health, and Political Awareness and Involvement.

Phi Beta Sigma

Mission

The brothers of Phi Beta Sigma are the Fraternity's most valuable resource and strength. They are the primary means by which the Phi Beta Sigma objectives will be achieved. In order to accomplish the Fraternity's objectives, it is essential that systems are instituted that effectively embody "Culture For Service and Service For Humanity" and promote brotherhood, scholarship and service.

Zeta Phi Beta Sorority Incorporated

First Initiates

Although there were five Founders of Zeta Phi Beta Sorority, Inc., there were many women who were initially interested but did not become a part of the founding group. Many feared the high academic standards they would need to meet to become a part of this new organization, others could not afford the initiation fee that appears nominal by today's standards. However, soon after the light of Zeta shone clearly through our Five Pearls, there were twenty-five women eager to join the Zeta movement. Of these twenty-five, only four - Gladys Warrington, Harriet Dorsey, Pauline Philips and Nellie Singfield - went on to be initiated as a part of the second pledge class. Zeta Phi Beta took top scholastic honors on the Howard University campus when a member of this second pledge class, Pauline Phillips, graduated summa cum laude, thus setting a precedent of academic excellence still expected of Zeta members to this day!

"Quality OVER Quantity"

To the Founders of ZETA PHI BETA SORORITY INCORPORATED, Zeta was more than an organization-it was a movement, a belief system that reflected, at its core, the desire to provide true Service, to embrace Scholarship, to set a standard for Sisterly Love and to define the noble concept of Finer Womanhood. This belief has sustained and encouraged Zetas around the world to hold fast to the ideals initiated and developed by its earliest members.

Sigma Gamma Rho

Sigma Gamma Rho Sorority's aim is to enhance the quality of life within the community. Public service, leadership development and education of youth are the hallmark of the organization's programs and activities. Sigma Gamma Rho addresses concerns that impact society educationally, civically, and economically.

Soaring To Greater Heights Of Attainment Around The World, Sigma Gamma Rho Sorority, Inc., as a leading national service organization, has met the challenges of the day and continues to grow through Sisterhood, Scholarship and Service.

From seven young educators, Sigma Gamma Rho has become an international service organization comprised of women from every profession. Sigma Gamma Rho offers its members opportunities to develop their unique talents through leadership training and involvement in sorority activities. Sorority activities provide an atmosphere where friendships and professional contacts are developed which often lead to bonds that last a lifetime.

Sigma Gamma Rho Sorority, Inc. was organized on November 12, 1922 in Indianapolis, Indiana by seven young educators: Mary Lou Allison Little, Dorothy Hanley Whiteside, Vivian White Marbury, Nannie Mae Gahn Johnson, Hattie Mae Dulin Redford, Bessie M. Downey Martin and Cubena McClure. The group became an incorporated national collegiate sorority on December 30, 1929, when a charter was granted to Alpha chapter at Butler University.

I THROWWWWWWWWW.....

THE BOW.. THE BOW

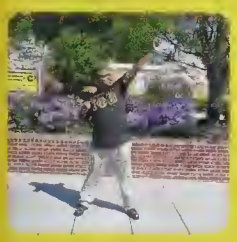
YEAH... THE SHIELD.. THE SHIELD...

On September 19, 1963, at Morgan State College (now Morgan State University), 12 students founded what is now the nation's fifth largest, predominately African-American social service fraternity: The Iota Phi Theta Fraternity, Incorporated.

Based upon their ages, heightened responsibilities, and increased level of maturity, this group had a slightly different perspective than the norm for college students. It was this perspective from which they established the Fraternity's purpose, "The development and perpetuation of Scholarship, Leadership, Citizenship, Fidelity, and Brotherhood among Men." Additionally, they conceived the Fraternity's motto, "Building a Tradition, Not Resting Upon One!"

This group of men was unique for several reasons. First of all, many were long-time friends. Spruill, Coakley, Dorsey, and Gregory had known one another since grade school, and Spruill and Coakley's friendship extended to when the two were pre-schoolers.

The founders of Iota Phi Theta were: Albert Hicks, Lonnie Spruill, Jr., Charles Briscoe, Frank Coakley, John Slade, Barron Willis, Webster Lewis, Charles Brown, Louis Hudnell, Charles Gregory, Elias Dorsey, Jr., and Michael Williams.



Even more uniquely, many of these men were what are now referred to as "Non-Traditional Students" and were 3-5 years older than the average college student. Gregory, Willis, and Brown were all service veterans, and Brown, Hicks, and Briscoe were married with small children. Of this group of 12, several were also working full-time jobs and all were full-time students.

Miss Size Sexy

Miss Size Sexy pageant was started by Miss Monique Dummen in 2008. This pageant helps plus size women of Johnson C. Smith gain the self- esteem they need to know they are just as beautiful as a smaller women. Starting off with just being a pageant the women of the pageant also started the organization. Helping other women that is not only a plus size but also does not view themselves as being beautiful. Monique graduated 2011 and Johnson C. Smith is proud to have this pageant tradition continue for years to come. Great job Monique, Erica, and Brionna! Also the yearbook staff would like to Thank Tamari Murrell and Sherma Davis for the wonderful pictures. :)

10:10

Ashley Smith and a few other RA's went on a conference and got inspired to have an event every other Thursday at 10:10. Rather it be poetry, music, greeks strolling or stepping, or just anything. Any of those things would happen at 10:10 every other Thursday. The students loved it and showed up faithfully to see what next would come when 10:10 hit the clock!

Editor's Letter

To the Class of 2012,

I am so happy for you all. You finally have made it, I know nobody would have thought in 2008, 2012 would be here already. Even though I would not be graduating with you all, I am still proud to call you all my family. I can't speak when it comes to other classes but we have always been close. I love you all and will truly miss you. Congratulations!!!

To my staff, especially the photographers. Amber Quattlebaum, Clement Bowman, La'Chey Horn, Michael Watts, Maddiysn, Typhani, and Shadella Reese. You all did an amazing job with Homecoming and more. Without you all there would not be a yearbook. Thank you again!

This is my last yearbook I will be making so I hope you enjoy!
